

# Coronavirus Vaccines are coming

Scientists around the world are trying to make a **vaccine** for coronavirus.

This is an injection to stop you getting **Covid-19**.

Some vaccines are nearly ready. But who should get them first?

## The priority list

There are not enough vaccines for everyone yet - though there will be more

People with a learning disability are more at risk of dying from Covid-19

But many other people will get the vaccine first in the Government's plan

What do you think?

**Make people with a learning disability of all ages an urgent priority for the Covid-19 vaccine**
